PARTICIPATING PROVIDER COVERAGE

Vision Examination

A complete analysis of the eyes and related structures to determine the presence of any vision problems.

- And -

Spectacle Lenses

Your program provides the finest quality lenses fabricated to **VBA**'s exacting standards. A **VBA** participating provider will order the proper lenses and verify their accuracy when finished.

Frames

VBA plans offer a wide selection of fully covered designer frames; however, if you choose a frame which costs more than the amount allowed by your plan, you will be responsible for any additional controlled charges.

- Or -

Elective Contacts

Your plan will provide a material and contact lens fit allowance of up to **\$75.00** and a 15% discount off the participating provider's contact lens fit at the time of the visit.

There is no guarantee that the contact allowance will cover the entire cost. You will not receive any additional monies for contact lenses and/or contact lens fit costs that are more than the **\$75.00** allowance.

Medically Necessary Contact Lenses

In lieu of elective contact lenses and spectacle lenses and frames, medically necessary contact lenses are fully covered by **VBA** when a **VBA** participating provider receives prior approval for one of the following services related to eye disease or injury, such as, visual acuity problems not correctable with spectacle lenses, anisometropia of 4 diopters or greater, and keratoconus. If you choose to obtain medically necessary contact lenses from a non-participating provider, subject to **VBA**'s prior approval, you will be reimbursed up to **\$ 250.00**.

Lasik Surgery

All **VBA** covered subscribers are eligible to receive a significant discount at TLC or QualSight locations nationwide. For more information regarding this benefit, please visit our website or call one of **VBA**'s exceptional customer care representatives at 1-800-432-4966/option 5.

Plan Allowances

When you choose to obtain services from a **VBA** participating provider, this plan covers the benefits described herein (examination, professional services, lenses and frames) at no expense to you, if the materials selected fall within your plan's allowance.

Exclusions/Limitations

There are no benefits for professional services or materials connected with vision training / subnormal vision aids / non-prescription lenses / lost or broken lenses or frames / medical or surgical treatment of the eyes / two pairs of glasses in lieu of bifocals / services or materials provided as a result of any Workers' Compensation Law or similar legislation or any eye exam required by an employer as a condition of employment.

Optional Vision Materials at a Controlled Price

This plan is designed to fully cover your visual needs rather than cosmetic lens and frame options. There will be extra controlled costs involved if you select any of the following: rimless frames / a frame costing more than your plan's allowance / polycarbonate lens material for adults (covered if under 19) / digital progressive lenses (available starting at \$45.00) / elective contact lenses (in excess of your plan's allowance) / tinted lenses / photo-sensitive lenses or coated lenses (except 1 year scratch protection is covered through a **VBA** participating provider only).

NON-PARTICIPATING PROVIDERS

If you choose to see a non-participating provider, make an appointment and pay the provider their full fee. Obtain an itemized receipt which must contain the following information: patient's name, date services began, services and/or materials received, and type of lenses (single vision, bifocal, etc.). There is no assurance the non-participating reimbursement schedule will cover the entire cost of the examination, glasses, or contacts.
